Your Full Service Solutions Provider

Centrally located, we provide competitive pricing for clients in nearly every state.

Who We Are

Eckhart and Company is a full service binding company specializing in Mechanical Binding. And, Eckhart and Company is a manufacturer of Custom Information Packaging products. In addition, we combine these products and services to offer innovative solutions we call Cross-Over Packaging.

Our 60,000 square foot facility is designed to provide the broadest range of products with the most efficient service possible.

Traditional Bindery Services

Custom Information Packaging

Cross-Over Packaging Solutions

What We Stand For

We have the reputation for providing quality, cost effective binding solutions, delivered on time and with a smile. We are seen as thought leaders in mechanical binding and visionaries in Cross-Over Packaging.

What We Offer

The company is organized into three product areas:

- **Traditional Bindery Offerings:** specializing in mechanical binding; but, having a full-service offering
- **Custom Information Packaging:** providing traditional 3-ring binders, custom binders, index tabs, and related products
- **Cross-Over Packaging:** a unique combination of our binding services and custom information packaging products that provide unique packaging solutions for all types for information distribution

Quality Policy Mission Statement

Through the use of Good Manufacturing Practices, Eckhart & Company strives to meet and exceed customer requirements for product excellence. We understand the need for quality, security, delivery, and traceability. With our superior product knowledge, our goal is to become a valued resource for print finishing.

Corporate Quality Policy

Eckhart & Company defines and documents its Policy for Quality, which provides the overall objectives for an effective Quality Management System. The Quality Policy is relevant to Eckhart & Company's goals and the expectations of its customers.

Traditional Bindery Services
